

Launch event

Kidney Health Australia's Primary Care Education Program, in collaboration with Central and Eastern Sydney Primary Health Network, is pleased to present our newly released education

'Polycystic Kidney Disease'

- Date** 21 February, 2018
- Time** 6.30pm Registration and dinner
7.00pm- 9.00pm Presentation
- Venue** Canterbury Leagues Club, 26 Bridge Road, Belmore
- Presented by** Professor Gopi Rangan

Learning outcomes

- Determine the differential diagnosis of a renal cyst and the Bosniak classification of renal cysts using the correct clinical test
- Describe the clinical features, including symptoms and signs experienced by patients in all stages of polycystic kidney disease (PKD)
- Implement the management options for PKD, particularly the importance of lifestyle changes and blood pressure control
- Outline the patterns of inheritance and genetic changes associated with PKD
- Define parameters for screening patients with a family history of renal disease, particularly PKD

Activity accreditation
