

# Invitation to apply

## After hours innovation and service grants

Central and Eastern Sydney PHN, invites eligible organisations to apply for funding to implement, enhance or identify projects/ services that will improve the access to, efficiency and effectiveness of after hours primary health care within our region.

The purpose of this funding is to provide incentive to organisations that are seeking to improve how primary care services are delivered. Proposals will need to address one or more of the identified priority areas detailed below and be for projects or services within the CESP HN region.
