2019-2021 Strategic Plan Goals

4.0 Improve practice

- 4.1 More effective and ongoing consultation and communication with primary health care providers
- 4.2 A better planned and more structured approach to quality improvement
- 4.3 Tailored support to better meet the needs of the local workforce and services

5.0 Integrate systems

- 5.1 More collaborative input to joint action plans
- 5.2 Improvements in care coordination
- 5.3 A better experience for consumers and carers

6.0 Commission services

- 6.1 A greater focus on outcomes-based commissioning
- 6.2 Improved operational systems to support commissioning
- 6.3 More integration of commissioned services into the local health care environment.
- 6.4 More co-design and co-commissioning
