

Please see links below to resources from the RACGP to support general practice in managing a pandemic influenza.

- RACGP – [Infection Prevention and Control](#) 5th Edition Standards [pdf](#) (1.97 MB)
- RACGP – [Managing Pandemic Influenza](#) in General Practice (there are 3 parts to this resource)
- RACGP – Part 1 - [Managing Pandemic Influenza](#) in general practice: A guide for prevention, preparation, response and recovery (2nd edition, updated June 2017) [pdf](#) (1.33 MB)
- RACGP – Part 2 - Influenza Flu Kit - [Implementation Guide pdf](#) (693 KB)
- RACGP – Part 3 - [Influenza Flu Kit](#) – Toolkit/template

All practices should complete this toolkit/template to ensure that your practice has a pandemic plan in place. This should be shared with all general practice staff to ensure all are educated and aware of what is required to support their staff and patients.
