

## INNER WEST DOMESTIC VIOLENCE FORUM

### INVITATION FOR GENERAL PRACTITIONERS AND ALLIED HEALTH WORKERS

#### Supporting children, young people and families affected by Domestic Violence in the Inner West

Inner West Council is hosting an education session to promote better support children, young people and families affected by Domestic Violence in the Inner West.

While awareness about Domestic Violence and its harmful impact on children and young people is growing in our community, many people feel they don't know how to respond when they become aware that a family is affected by domestic violence.

If you are known and trusted by children, young people and families, you can expect that at some time someone affected by domestic violence may approach you with their story. This session will help you be prepared to respond to them, and help them to find support.

**This half-day education session will inform you about the systems and supports already present in the community to assist children, young people and families, and how you can help people find the assistance they need. You will meet representatives of key agencies and have the opportunity to ask questions.**

- **Date:** Thursday 27 July, 2017
- **Time:** 9.15am - 12.30pm
- **Location:** Ashfield Civic Centre, Level 6, 260 Liverpool Rd,  
Ashfield

(Registration from 9.15am, Lunch provided after the session)
