

We would like to invite you to a GP consultation

An Australian Government Initiative

We are 1 of 7 PHNs nationally that have been successfully selected to implement and review the new intake guidance set by the Department of Health.

- Our contribution will evaluate what works and what does not work.
- It will also inform the re-design of our Central Mental Health Intake procedure.

Please register at connect.cesphn.org.au/Events/iar-implementation-gp-consultation or via email n.rose@cesphn.com.au
